Obscure Corners and Crevices Linda Leven 2014-05-30 What in the World! In this, her first book of short stories or fragments of life inspired by true events, Leven successfully applies her unique ability to turn the ordinary into the extraordinary. Customary events of life mutate into those that are bewildering, stupefying, erotic, and yet profound—events that diverge off the beaten path and baffle all ordinary description. A lover’s pact, a job interview, a student-teacher relationship, an audition, a visit to a new art gallery, a relationship between old high school chums, a neighbor’s dispute—all mushroom into the farcical, the grim, and the inconceivable. In *Obscure Corners and Crevices*, Leven offers her readers nine portraits of normal, intelligent, introspective individuals who end up enmeshed in usual life situations that unexpectedly warp into the incredible, into events that most of her readers will never have experienced . . . guaranteed! Her characters, along with her readers, are enveloped in a detailed anatomy of the human heart and mind through meticulously painted events, dialogue, and a unique philosophy that permeates all of Leven’s writings. The tales, whether dramatic, extravagant, or droll, all maintain a lofty profundity and soaring level of suspense until the unforeseen final denouement.

Why You? James Reed 2015-01-01 **Revised and updated for 2017 with ten extra tech questions.** Learn the secrets to excelling at interview, direct from top interviewers and recruiters, in *Why You?* by James Reed, chairman of recruitment specialists REED. You can't prepare an answer for every interview question. So, of the thousands of questions they might ask, which ones will they ask? After extensive research among hundreds of interviewers and thousands of interviewees, finally here's the book that will give you the answer. *Why You?* is based on direct input from top interviewers in REED's unrivalled recruitment network. It offers powerful preparation techniques, the lowdown on how to answer the most common questions and - above all - how to adopt a winning mindset at interview, one that will help you succeed on the day. From classic questions like 'tell me about yourself' and 'what are your greatest weaknesses?' to puzzlers like 'sell me this pen' and 'how many traffic lights are there in London?', James Reed reveals what interviewers are really asking. James Reed is the Chairman of REED, the recruitment specialists. He first joined the company in 1992 after graduating from Harvard Business School; since then REED has more than quadrupled in size and reed.co.uk has become the number one job site in the UK and Europe. REED now receives more than 46 million job applications a year and has delivered over 100 programmes helping more than 140,000 long-term unemployed people back into work. James is co-author of *Put Your Mindset to Work*, winner of the 'Commuter's Read' prize at the CMI Management Book Awards 2012. He is also a Fellow of the Chartered Institute of Personnel and Development (CIPD).

High School Edubabble Clyde Woolman 2020-09-01 Relentless jargon, a distinctive workplace, and teen foibles make for a goldmine of satire in over 350 entries. The unending tsunami of education sloganeering highlights this humor-filled, quick-read glossary. Why would edubabblers favor listless descriptors when silver-tongued gibberish and fluffy acronyms can add mystique to any everyday term? There is no career like education and no workplace like a high school. The antics of zany teens, quirky teachers, preening principals, and hovering parents provide buckets of satirical fodder. Entries such as Crisis Junkies, Grad Hug, Principal's Message, and Teacher Behavior at Meetings are but a few of the dozens of entries emphasizing high school as a unique workplace. Unlike previous generations, today's educators face tech-addled youth who are drowning in a churning sea of information, much of it of dubious quality. A range of tech-oriented subjects is lampooned, including, Drones, Monks of the Digital Age, and Screen Addicts. High schools do not operate in a vacuum. It is difficult for teachers to set standards of truth-telling and respectful discourse in their students when such behavior appears to be absent from many of today's leaders. This challenge is noted in such entries, among others, as, Anti-Educators, Journalism, and Weapons of Mass Distortion.

Over 50 and Motivated Brian E. Howard 2017-04-01 It happened. It may have been a surprise, or it could have been anticipated, but at this point, what does it matter? You lost your job. Or, the frustrations at your current job have hit the boiling point. You just can't take it anymore! In either case, change is inevitable. But, you're over the age of 50 and intellectually or intuitively you know your age could be a factor in your job search. . .and, you are right. There are age-related biases that exist in the job market that will work against you. According to government statistics, job seekers over 50 encounter more difficulty in getting new jobs and suffer notably longer unemployment than their younger counterparts. But these statistics do not have to apply to you! First, immediately stop with the worry and negative thinking. You're in a better position than you think. There are employers out there that not only will hire you, they are looking for you! The key is to find them, sell them on you, and get them to hire you. It's not as hard as you may think. In the Over 50 and Motivated book, Brian Howard will teach you a systematic approach for conducting a real-world job search based on years of frontline recruiting experience helping thousands of tenured job seekers just like you. He will teach you how to effectively conduct a job search in today's job market and techniques to successfully combat age biases. He will show you how to get job offers and your next fulfilling career position!

201 Knockout Answers to Tough Interview Questions Linda Matias 2009-10-28 Employers today are using increasingly tough interview questions to evaluate candidates based on key competencies and determine how well they think on their feet. To stand out in these competency-based interviews, job seekers must be prepared with situation-specific examples and answers to questions that highlight their accomplishments, knowledge, and abilities--and clearly display how all three meet their potential employers' needs. In 201 Knockout Answers to Tough Interview Questions, you'll learn the five core competencies most interviewers are looking for--individual responsibility (decisiveness, independence, flexibility, career goals); managerial skills (leadership, delegation, strategic planning); motivational factors (ambition, initiative); analytical skills (problem solving, attention to detail); and people skills (teamwork, communication, customer service)--and will gain a storehouse of sample interview answers that consistently highlight your ability in these areas. Featuring fill-in-the-blank exercises and a plethora of traditional and quirky interview questions to help you prepare, this powerful book will help you get noticed by key players during the interview process--no matter what questions get thrown your way.

By choosing a career based on what they want to do, students develop the ability to make informed decisions about their future, are more excited about learning, and are more motivated to stay in school. INVESTIGATING YOUR CAREER, 3E has been revised to include social networking, personal finance, blog activities, math and financial information, and additional coverage on the 16 Career Clusters. This text takes career exploration to a new level and is the perfect solution for states that now require/recommend a semester length middle school/junior high career course before graduating students. Focusing education on the future, the U.S. Office of Education has grouped careers into 16 clusters based on similar job characteristics. Every chapter in INVESTIGATING YOUR CAREER, 3E includes detailed information on a career cluster allowing students to learn about the various career options available to them. The career cluster approach makes it easier for students to understand the relevance of their required courses and helps them select their elective courses more wisely. Job Interview Derrick Foresight 2020-08-08 This book will lead you in your next job interview. It will help you understand the reasons why interviewers ask specific probing questions and how to answer them. Being prepared for those questions can increase your chances of getting the job you want. It will also show you which questions are smart to ask your potential future employer, because, as opposed to what some people may suppose, this is an important part of the interview to show how passionate you may be about your future job. Last but not least, most people forget to follow up and simply wait for the interviewer to contact them. This is a big mistake. If you want to stand out among the crowd, it is important to follow up after the interview, and show how driven and motivated you are. Learn more by getting the book.

The Essential Job Interview Handbook Jean Baur 2013-09-23 Even with a fairly detailed job description or a briefing by a knowledgeable recruiter, job candidates rarely have all the tools they need to ace their interviews. This is one of the reasons why interviews are so harrowing—we have to pay close attention to what we're told, what we're not told, and the many non-verbal signals we receive. In addition, many people who conducts the interviews aren't well-prepared, haven't been trained in interviewing, and often don't even like the process. The Essential Job Interview Handbook will help job seekers prepare effectively for interviews and become familiar with different types of interview questions and styles of interviews. A unique feature of this book is the multiple answers it provides for each question, rated good, better, and best; with this feature, you'll learn what makes a winning answer and understand the strategy behind it. Whether you're just finishing school or have been working a long time, The Essential Job Interview Handbook will give you all the powerful tools you need to not just get a job, but to get the right one.
