

Social Theory Roots And Branches

Right here, we have countless ebook **Social Theory Roots And Branches** and collections to check out. We additionally have enough money variant types and after that type of the books to browse. The enjoyable book, fiction, history, novel, scientific research, as without difficulty as various other sorts of books are readily nearby here.

As this Social Theory Roots And Branches, it ends happening innate one of the favored book Social Theory Roots And Branches collections that we have. This is why you remain in the best website to look the amazing books to have.

Philosophie des Abendlandes Bertrand Russell 2012-08-01

Soziologische Theorie. Bd. 1 Richard Münch 2004-10-11 Das Lehrbuch bietet die erste umfassende Einführung in die Werke der großen klassischen Denker der Soziologie sowie in mikro- bzw. makrosoziologische Theorieansätze. Der erste Band behandelt Denker wie Spencer, Marx, Pareto, Simmel, Durkheim, Weber und Mead: ihre Sicht auf die Gesellschaft, ihre methodischen Ansätze sowie ihre Wirkung auf die Entwicklung der Soziologie. Im Mittelpunkt des zweiten Bandes stehen Handlungstheorien wie Verhaltenstheorie, Rational-Choice-Theorie, Phänomenologie, Ethnomethodologie, Symbolischer Interaktionismus, Pragmatismus und kognitivistische Sozialpsychologie. Der letzte Band beleuchtet Gesellschaftstheorien: Neomarxismus, Kritische Theorie, Weltsystemanalyse, Konflikttheorie, Figurationssoziologie, Strukturalismus, Poststrukturalismus, Theorien der reflexiven Modernisierung, Funktionalismus und Systemtheorie. Jeder Band enthält ein Glossar; Fragen am Ende der einzelnen Kapitel geben Anstöße zum eigenständigen Weiterdenken.

Project for a Perpetual Peace Immanuel Kant 1796

Social Theory Berch Berberoglu 2017-01-06 Social Theory provides a sophisticated yet highly accessible introduction to classical and contemporary social theories. The author's concise presentation allows students and instructors to focus on central themes. The text lets theorists speak for themselves, presenting key passages from each theorist's corpus, bringing theory to life. The approach allows instructors the opportunity to help students learn to unpack sometimes complex prose, just as it offers inroads to class discussion. Chapters on Addams and early feminism, on Habermas and the Frankfurt School, on Foucault, and on globalization and social movements round out contemporary coverage. The book presents and explains key theories, just as it provides an introduction to central debates about them.

Illuminating Social Life Peter Kivisto 2011 Illuminating Social Life has enjoyed increasing popularity with each edition. It is the only book designed for undergraduate teaching that shows today's students how classical and contemporary social theories can be used to shed new light on such topics as the internet, the world of work, fast food restaurants, shopping malls, alcohol use, body building, sales and service, and new religious movements. A perfect complement for the sociological theory course, it offers 13 original essays by leading scholars in the field who are also experienced undergraduate theory teachers. Substantial introductions by the editor link the applied essays to a complete review of the classical and modern social theories used in the book.

Social Theory Peter J. Kivisto 2020 Revised edition of the author's Social theory, c2013.

Key Ideas in Sociology Peter Kivisto 2010-05-13 Key Ideas in Sociology, Third Edition, is the only undergraduate text to link today's issues to the ideas and individuals of the era of classical sociological thought. Compact and affordable, this book provides an overview of how sociological theories have helped sociologists understand modern societies and human relations. It also describes the continual evolution of these theories in response to social change. Providing students with the opportunity to read from primary texts, this valuable supplement presents theories as

interpretive tools, useful for understanding a multifaceted, ever-shifting social world. Emphasis is given to the working world, to the roles and responsibilities of citizenship, and to social relationships. A concluding chapter addresses globalization and its challenges.

Reading Feminist Theory Susan Archer Mann 2015-03-01 Reading Feminist Theory: From Modernity to Postmodernity interweaves classical and contemporary writings from the social sciences and the humanities to represent feminist thought from the late eighteenth century to the present. Editors Susan Archer Mann and Ashly Suzanne Patterson pay close attention to the multiplicity and diversity of feminist voices, visions, and vantage points by race, class, gender, sexuality, and global location. Along with more conventional forms of theorizing, this anthology points to multiple sites of theory production--both inside and outside of the academy--and includes personal narratives, poems, short stories, zines, and even music lyrics. Offering a truly global perspective, the book devotes three chapters and more than thirty readings to the topics of colonialism, imperialism and globalization. It also provides extensive coverage of third-wave feminism, poststructuralism, queer theory, postcolonial theory, and transnational feminisms.

French XX Bibliography 65 Sheri K. Dion 2014-09

Social Theory Peter Kivisto 2008 The third edition of Peter Kivisto's comprehensive collection of student-accessible, primary-source readings provides students an opportunity to experience "first-hand" a broad range of orientations shaping sociological theory today. Its seminal writings from key theorists were selected for their high degree of relevance and accessibility to undergraduates. The readings help students make the connection across schools of thought--revealing that theories are always about something--as well as demonstrating the roles theories play in interpreting our social world. Brief, thought-provoking introductions frame each article in a larger context and alert students to key points. These introductions serve as a useful "road map" as students travel through the diverse views and continuing debates that make the study of social theory an exciting adventure. These introductions also identify and explain central issues and relationships among the topics covered.

Moderne als Erfahrung und Interpretation Peter Wagner 2009

Hidden Threads Russell Heddendorf 2009-12-08 Heddendorf finds in sociological theories some 'hidden threads' - Christian principles woven into the fabric of society. This book is an examination and Christian critique of sociological theory, demonstrating appreciation for the richness of social life and holding in tension those theories that attempt to explain it.

Erfolg von Internetunternehmen Martin Hartenstein 2018-03-12 Der Unternehmenserfolg und Einflussfaktoren darauf werden in Theorie und Praxis für Internetunternehmen in Deutschland vielfältig und zum Teil kontrovers diskutiert. Während die einen die nachhaltige Wertschöpfung von derartigen Unternehmen im Vergleich zu traditionellen Wirtschaftszweigen in Frage stellen, vertreten andere sogar die These, dass andere Gesetzmäßigkeiten als für andere Wirtschaftszweige gelten würden („New Economy“). Die vorliegende Arbeit leistet in drei Bereichen einen Beitrag zur Differenzierung und Fundierung der Forschung: Erstens erfolgt eine

theoretische Fundierung der Forschung, indem Hypothesen von empirischen Studien zum Erfolg traditioneller Unternehmen auf die Internetwirtschaft übertragen und weiterentwickelt werden. Zweitens wird der Erfolg im Internet anhand einer Reihe von multivariaten Analysemethoden in einem multiperspektivischen Untersuchungsdesign analysiert. Drittens beinhaltet die Arbeit zahlreiche detaillierte Güte- und Robustheitsbetrachtungen von Daten und Modellen. Die Forschung wird dabei inhaltlich anhand von zwei übergeordneten Hypothesen geleitet: Einerseits wird untersucht, ob grundlegende Gesetzmäßigkeiten unternehmerischen Handelns in traditionellen Branchen ebenso für Internetunternehmen gelten („Still the same“). Andererseits wird die komplementäre Forschungshypothese untersucht, dass es gleichzeitig Abweichungen in der Definition des Erfolges und einiger seiner Einflussfaktoren bei Internetunternehmen gibt („Same same but different“). Die Arbeit richtet sich somit an Forscher, Gründer und Akteure aus Wirtschaft, Politik und Wissenschaft, die an Zusammenhängen im Umfeld des Themas „Erfolg in der Internetwirtschaft“ interessiert sind

The Metaphorical Society Daniel Rigney 2001-03-21 This book introduces the novice reader to modern social theory through the creative exploration of eight major metaphors that have shaped Western understandings of human society. Rigney vividly yet concisely examines each major theoretical perspective in sociology, including functionalism, conflict theory, rational choice, and symbolic interactionism. He shows how each of these theories is rooted in a particular metaphorical tradition. Over decades and centuries, Rigney argues, social theorists have variously likened societies to organisms and living systems, to machines, battlefields, legal systems, marketplaces, games, theatrical productions, and discourses. Most interestingly, Rigney deftly shows how nearly all Western social theories fit with one or more of the metaphors. He emphasizes a humanistic understanding of society with an emphasis on the creative agency of social actors and communities. The book offers students a rich understanding of social theory, yet it is simultaneously concise and broad ranging, allowing instructors to further pursue detailed exploration of any perspectives they choose.

Without Borders or Limits Jorell A. Meléndez Badillo 2013-07-29 This collection of articles contains the English contributions to the 4th Austrian Students' Conference of Linguistics (Österreichische Studierenden-Konferenz der Linguistik, ÖSKL), which was held in November 2011 at the University of Innsbruck. With this collection, the editors want to make the insights and the knowledge presented at the 4th ÖSKL available in written format to a wider public. The contributions present in this collection are excerpts from PhD as well as diploma theses and seminar papers. The fifteen papers collected in this volume are very diverse, as are the authors themselves, who come from nine different countries, from Portugal in the West, Iran in the East and Norway in the North. The papers come from a variety of linguistic subdisciplines. Besides a strong focus on syntax, cognitive and historical linguistics, there are papers exploring pragmatics, foreign language acquisition, phonology and sociolinguistics. This volume of collected essays brings together conversations, papers, and debates from the Third Annual North American Anarchist Studies Network Conference in San Juan, Puerto Rico. Nathan Jun and Jorell A. Meléndez aspire to go beyond a simple collection of papers and instead aim to maintain a dialogue among different academic fields with the sole task of comprehending and re-thinking anarchist studies. With over twenty-one chapters written by a diverse range of activists, organizers, musicians, artists, poets, and academics, this book transgresses the apparent simplicity of the study of anarchism with a dynamic and interdisciplinary approach that crystallizes and emulates the heterogeneous nature of the anarchist ideal. From theory and philosophy to historical analyses, methodologies, and perspectives, from different manifestations in the arts, media, and culture to religion, ethics, and spirituality, from the intersectionality of animal liberation and queer struggles to contemporary praxis and organizing, the authors explore different topics from a critical perspective that is often lacking in their respective academic fields. This book is a must-buy for critical teachers, students, and activists interested in studying

anarchism and the different ways in which we can transform our reality.

Orientalismus Edward W. Said 2009

Social Justice and Putting Theory Into Practice in Schools and Communities Brand, Susan Trostle 2019-07-26 Educators in the K-12 and adult education milieu, including pre- and in-service educators, are expected to address, in and outside of the classroom, significant political and social issues including increased homelessness, food insecurity, poverty, gender dysphoria, school bullying, and marginalization of the LGBTQ population. Educators seek swift solutions to the situations at hand that will benefit K-12 students. *Social Justice and Putting Theory Into Practice in Schools and Communities* is an essential research publication that provides detailed research on the creation and implementation of social justice strategies in educational settings. Highlighting a wide range of topics such as gender equality, academic standards, and special education, this book is ideal for educators, sociologists, academicians, researchers, and curriculum designers.

Handbook of the Sociology of Death, Grief, and Bereavement Neil Thompson 2017-04-28 The Handbook of the Sociology of Death, Grief, and Bereavement sets issues of death and dying in a broad and holistic social context. Its three parts explore classical sociology, developments in sociological thought, and the ways that sociological insights can be useful across a broad spectrum of grief-related topics and concerns. Guidance is given in each chapter to help spur readers to examine other topics in thanatology through a sociological lens. Scholars, students, and professionals will come away from the handbook with a nuanced understanding of the social context – cultural differences, power relations, the role of social processes and institutions, and various other sociological factors – that shape grief experiences.

Das geheime Leben der Bäume Peter Wohlleben 2015-05-25 Ein neuer Blick auf alte Freunde Erstaunliche Dinge geschehen im Wald: Bäume, die miteinander kommunizieren. Bäume, die ihren Nachwuchs, aber auch alte und kranke Nachbarn liebevoll umsorgen und pflegen. Bäume, die Empfindungen haben, Gefühle, ein Gedächtnis. Unglaublich? Aber wahr! – Der Förster Peter Wohlleben erzählt faszinierende Geschichten über die ungeahnten und höchst erstaunlichen Fähigkeiten der Bäume. Dazu zieht er die neuesten wissenschaftlichen Erkenntnisse ebenso heran wie seine eigenen unmittelbaren Erfahrungen mit dem Wald und schafft so eine aufregend neue Begegnung für die Leser: Wir schließen Bekanntschaft mit einem Lebewesen, das uns vertraut schien, uns aber hier erstmals in seiner ganzen Lebendigkeit vor Augen tritt. Und wir betreten eine völlig neue Welt ...

Integral Conflict Richard J. McGuigan 2016-04-22 Explores conflict through the lens of Integral Theory and provides a case study where Integral conflict resolution techniques are highlighted. This book explores conflict through the discerning lens of Integral Theory, applying Ken Wilber's AQAL model to a real-life case study, the River Conflict. Coauthor Richard J. McGuigan was a mediator in this ongoing dispute over fishing rights on the Fraser River in British Columbia, a situation where commercial, recreational, and First Nations fishing interests clashed. Voices of the various stakeholders are featured prominently, giving a vivid sense of a seemingly intractable situation. McGuigan and Nancy Popp set the stage for their Integral analysis of the River Conflict, then move expertly through four chapters aimed at understanding the conflict from the four dimensions of human experience: individual, collective, interior, and exterior. The result is a powerful picture of just how “integral” conflict is. This quadrant-by-quadrant analysis is well-punctuated by sidebar observations, insights, and tips for conflict practitioners or students, giving readers new to Integral Theory additional support in understanding and applying the AQAL model to their work.

Common Sense as a Paradigm of Thought Tim Delaney 2018-11-28 The notion of common sense and abiding by its implications is something that, seemingly, everyone agrees is a good way of making behavioral decisions and conducting one's daily activities. This holds true whether one is a liberal, moderate, or conservative; young or old; and regardless of one's race and ethnicity, gender, or sexual orientation. If utilizing common sense is such a good

idea, why then, do so many people seem to violate it? This is just one of many significant questions surrounding the idea of common sense explored and discussed in this book. This volume presents common sense as a 'paradigm of thought' and as such, compares it to other major categories of thought — tradition, faith, enlightened and rational. Combining a balance of practical, everyday approaches (through the use of popular culture references and featured boxes) and academic analysis of core and conceptual methodological issues, Delaney demonstrates: The limitations of common sense and its place in everyday social interactions How we learn about common sense Why common sense is so important Common Sense as a Paradigm of Thought introduces readers to a rich variety of sociological authors and will appeal to students and researchers interested in fields such as: sociology, philosophy, social psychology, cultural studies, communications and health studies.

Sociological Theory in the Classical Era + Illuminating Social Life 5th Ed. Laura D. Edles 2010-12-01

Chinese-Western Intimacy and Marriage Bo Qin 2014-02-21 In the era of the global village, intercultural marriage between different races and nationalities is frequent. The existence of intercultural marriages and intimacy between Chinese and Westerners is evident and expanding in societies throughout both China and the Western world. Although marriage is a very private affair for the individuals who participate in it, it also reflects and connects with many complex factors such as economic development, culture differences, political backgrounds and transition of traditions, in both China and the Western world. As a result, an ordinary marriage between a Chinese person and a Westerner is actually an episode in a sociological grand narrative. By employing a three-dimensional, multi-level theoretical framework based on an integration of theories of migration, sociology and gender and adopting a qualitative research paradigm, this book aims to present a true picture of Chinese-Western Intercultural Marriage with a focus on the Chinese perspective, and the main body of this study combines three theoretical approaches in order to explore the intercultural marriage fully using a panoramic view. By examining the history, reality and the conflicts of Chinese-Western intercultural marriage, this books tries to find the connections between the micro private affairs and the macro national power, and seeks the possibilities to construct the explanatory mechanism from macro reality (nation, state & race) to micro variables (intercultural marriage). It provides an academic perspective of producing the general knowledge on the basis of constructing a local knowledge. In this way this study will provide more than an anecdotal description of Chinese-Western Intercultural marriage, but will present a profound analysis of the forces underpinning this cross-cultural phenomenon. Dr. Qin Bo obtained his PhD in Sociology from the University College Cork, National University of Ireland in 2012. He is a lecturer at the Party School of Sichuan Committee of the Communist Party of China in Chengdu and a Post-doctoral Fellow of Fudan University in Shanghai.

Unterdrückung und Befreiung Paulo Freire 2007 Diese Sammlung von Schriften aus der Zeit von 1970 bis 1990 des brasilianischen Pädagogen Paulo Freire (1921-1997) gibt einen Einblick in die Grundlagen und Prinzipien seiner Bildungsarbeit auf der Basis der Pädagogik der Befreiung. In den ausgewählten Texten werden nicht nur pädagogische Probleme und inhaltlich-methodische Fragen der Bildungsarbeit thematisiert. Sie enthalten ebenso Analysen und Bewertungen von Politik, Kultur, Religion, Ethik und Veränderungsmöglichkeiten von Gesellschaft - eine Erweiterung, die sich gegen eine Vorstellung wendet, Pädagogik sei von Gesellschaft und Politik losgelöst zu behandeln. Scharfsinnig hat Freire u.a. die verheerenden Folgen des Neoliberalismus für Individuum und Gesellschaft analysiert und zum widerständigen Denken und Handeln ermuntert. Eine Auswahl repräsentativer alter und neuer Texte von Paulo Freire: Wer sie zur Hand nimmt, entdeckt rasch, dass uns dieser brasilianische Pädagoge nicht nur für die Theorie und Praxis unserer Erziehungsarbeit, sondern für unser Überleben Entscheidendes zu sagen hat. Prof. Dr. Ulrich Becker, Universität Hannover

Theorie der ethischen Gefühle Adam Smith 2010-05 Mit seinem philosophischen Hauptwerk, der "Theorie der ethischen Gefühle", legte Adam Smith den Grundstein für die Ausbildung einer Moralphilosophie, die sich

ausdrücklich auf die Ideen der Sympathie und der Solidargemeinschaft beruft. Die Gründung der Moral auf den Begriff des Mitgefühls oder der "Sympathie" steht im Zentrum des philosophischen Hauptwerks von Adam Smith (1723-1790), der 1759 publizierte Schrift "The Theory of Moral Sentiments". Methodisch orientiert an den Werken der englischen Empiristen Shaftesbury, Mandeville, Hutcheson und Hume, untersucht Smith die Moralsysteme der Vergangenheit, kritisiert die Bemühungen seiner Zeitgenossen um eine Grundlegung der Moralphilosophie und nimmt so zukünftige wichtige Ansätze auf dem Gebiet der Ethik vorweg; sein Werk ist ein Sammelplatz heterogener, scheinbar konträrer Richtungen der Moralphilosophie. Es kombiniert unterschiedliche Theorien zu einem bemerkenswerten System des "sittlich Richtigen", das sich nicht an Kriterien wie dem der Nützlichkeit ausrichtet, sondern an der Konvention des ausgebildeten Mitgefühls. Der zentrale Begriff ist dabei "Sympathie", ergänzt durch die Einführung der Idee eines unparteiischen Zuschauers, in den sich laut Smith jeder einzelne immer dann versetzt, wenn er moralische Entscheidungen zu treffen hat: "Der impartial spectator läßt die Individuen überlegen, daß sie an der Stelle desjenigen stehen könnten, dem sie ihre Sympathie zuwenden. Daraus entsteht nach Smith ein Motiv, aktuell so zu handeln, wie man an dessen Stelle behandelt werden wollte" (B. Priddat). "The Theory of Moral Sentiments" wurde mehrfach überarbeitet und ergänzt; diese Ausgabe bietet den Text in der letzten Fassung nach der 6. Auflage von 1790 in der deutschen Übersetzung von W. Eckstein. **A Historiography of the Modern Social Sciences** Roger E. Backhouse 2014-09-22 A Historiography of the Modern Social Sciences includes essays on the ways in which the histories of psychology, anthropology, sociology, economics, history and political science have been written since the Second World War. Bringing together chapters written by the leading historians of each discipline, the book establishes significant parallels and contrasts and makes the case for a comparative interdisciplinary historiography. This comparative approach helps explain historiographical developments on the basis of factors specific to individual disciplines and the social, political, and intellectual developments that go beyond individual disciplines. All historians, including historians of the different social sciences, encounter literatures with which they are not familiar. This book will provide a broader understanding of the different ways in which the history of the social sciences, and by extension intellectual history, is written.

Encyclopedia of Social Theory George Ritzer 2004-08-11 The Encyclopedia of Social Theory is an indispensable reference source for anyone interested in the roots of contemporary social theory. It examines the global landscape of all the key theories and the theorists behind them, presenting them in the context needed to understand their strengths and weaknesses. Led by internationally renowned scholar George Ritzer, the Encyclopedia of Social Theory draws together a team of more than 200 international scholars covering the developments, achievements, and prospects of social theory from its inception in the 18th century to the present. Understanding that social theory can both explain and alter the social world, this two-volume set serves as not only a foundation for learning, but also an inspiration for creative and reflexive engagement with the rich range of ideas it contains.

Social Theory Peter Kivisto 2000

Classical Social Theory David Inglis 2013-01-01 Covering all the major schools of thought within classical sociology, and considering how they have been subjected to changing interpretations and appropriations subsequently over the last 100 years and more, Classical Social Theory: Roots and Branches leads the reader through an often complicated terrain with lucidity and authority. It gives a vivid sense both of what major theorists and schools said, and also of why they argued as they did, reacting against, challenging and further developing the ideas of predecessors and contemporaries, and seeking to understand often bewilderingly rapid and unsettling social changes. David Inglis demonstrates the limitations and outdated aspects of classical social theory, as well as highlighting the continued vibrancy of classical sociology, its ongoing relevance for contemporary debates across the social sciences, and its essential contribution towards understanding the changing world around us today.

Risikogesellschaft Ulrich Beck 2016-12-12 »Arm an geschichtlichen Katastrophen war dieses Jahrhundert wahrlich nicht: zwei Weltkriege, Auschwitz, Nagasaki, dann Harrisburg und Bhopal, nun Tschernobyl. Das zwingt zur Behutsamkeit der Wortwahl und schärft den Blick für die historischen Besonderheiten. Alles Leid, alle Not, alle Gewalt, die Menschen Menschen zugefügt haben, kann bisher nur die Kategorien der »anderen« - Juden, Schwarze, Frauen, Asylanten, Dissidenten, Kommunisten usw.«

The Social Theory of W.E.B. Du Bois Phil Zuckerman 2004-02-20 W. E. B. Du Bois was a political and literary giant of the 20th century, publishing over twenty books and thousands of essays and articles throughout his life. In *The Social Theory of W. E. B. Du Bois*, editor Phil Zuckerman assembles Du Bois's work from a wide variety of sources, including articles Du Bois published in newspapers, speeches he delivered, selections from well-known classics such as *The Souls of Black Folk* and *Darkwater*, and lesser-known, hard-to-find material written by this revolutionary social theorist. This book offers an excellent introduction to the sociological theory of one of the 20th century's intellectual beacons.

Traditionelle und kritische Theorie Max Horkheimer 1992

Gale Researcher Guide for: Theoretical Frameworks in Sociology John D. Foster 2018-08-30 Gale Researcher Guide for: *Theoretical Frameworks in Sociology* is selected from Gale's academic platform Gale Researcher. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

Die Fesseln der Liebe Jessica Benjamin 2004

Soziologische Phantasie C. Wright Mills 2016-04-27 *Soziologische Phantasie*, die erstmals 1963 erschienene deutsche Übersetzung von C. Wright Mills' *The Sociological Imagination*, darf zurecht als Meilenstein wissenschaftlich-politischer Debatten in den Vereinigten Staaten betrachtet werden und zählt auch heute noch zu einer der wichtigsten Selbstkritiken der Soziologie. Mills schlägt hier einen dritten Weg zwischen bloßem Empirismus und

abgehobener Theorie ein: Er plädiert für eine kritische Sozialwissenschaft, die sich weder bürokratisch instrumentalisieren lässt noch selbstverliebt vor sich hin prozessiert, sondern gesellschaftliche Bedeutung erlangt, indem sie den Zusammenhang von persönlichen Schwierigkeiten und öffentlichen Problemen erhellt. Eben dies sei Aufgabe und Verheißung einer Soziologie, die sich viel zu häufig „einer merkwürdigen Lust an der Attitüde des Unbeteiligten“ hingebe.

Charles Louis de Secondat “de” Montesquieu 1799

Social Theory Peter Kivisto 2020 "This is an undergraduate reader for students taking course in social theory"--

Social Theory Peter Kivisto 2003 Seventy selections comprise this introductory sociological reader. Kivisto (Augustana College) has organized the material into sections containing writings the founding figures of the discipline from 1840 to 1920 (roots) and contributions from the proliferations of schools that followed (branches)
Illuminating Social Life Peter Kivisto 2012-11-02 The sixth edition of Peter Kivisto's popular anthology, *Illuminating Social Life*, continues to demonstrate to students how social theories can help them make sense of the swirling events and perplexing phenomena that they encounter in their daily lives. A perfect complement for sociological theory courses, this updated edition includes 13 original essays by leading scholars in the field that help students better understand and appreciate the relevance of social theory. Once again, Peter Kivisto's collection illuminates the connection between sociological theory and the realities that students are faced with every day—from the Internet, alcohol use, and body building to shopping malls, the working world, and fast-food restaurants

Soziologische Theorien von Auguste Comte bis Talcott Parsons Ditmar Brock 2015-03-10 Dieses Lehrbuch richtet sich an Studierende mit dem Haupt- und Nebenfach Soziologie. Es soll vor allem dazu dienen, sich mit den Denkweisen, Konzeptionen und Schlüsselbegriffen wichtiger soziologischer Klassiker vertraut zu machen. Die Beschäftigung mit Klassikern ist notwendig, um die Geschichte dieser Wissenschaftsdisziplin nachzuvollziehen. Vor allem jedoch wird die Orientierung innerhalb dieser Disziplin erleichtert.

Vom Geist der Gesetze
